Shri Nikhil Kumar, IAS
Commissioner-cum-Secretary
Urban Development Department (UDD)
Andaman & Nicobar Islands

Dear Sir,

Subject: Proposal to support in capacity building of account/ finance staff of ULBs of UT of Andaman & Nicobar Islands

Greetings from the Committee on Public and Government Financial Management (CPGFM) of the Institute of Chartered Accountants of India (ICAI)!!

Improved financial reporting and management at the level of Local-Self Government, i.e., Local Bodies, is a need of hour as the role and responsibilities of Local Bodies have been evolved over time and these bodies play important role in economic growth of the Country. Financial reporting helps in managing public funds in effective and efficient manner, sound decision-making, increasing accountability & transparency in operations and performance of Local Bodies which would ultimately help Local Bodies in delivering good services to citizens, developing infrastructure in the country and raising funds from capital market and other financial institutions.

Government of India (GoI) has taken various initiatives to improve financial reporting in Urban Local Bodies (ULBs) such as issuance of National Municipal Accounts Manual (NMAM), key development schemes such as Jawaharlal Nehru National Urban Renewal Mission (JNNURM), Atal Mission for Rejuvenation and Urban Transformation (AMRUT), Smart City Scheme, etc. The recommendations of Finance Commissions which linked grants with accounting reforms, also focussed on implementation of accrual accounting system in Local Bodies. To fast track the reforms, recently 15th Finance Commission recommended online availability of unaudited annual accounts of the previous year and audited accounts for the year before previous year as an entry level condition (amongst others) to avail grant.

Role of ICAI:

As you may be aware that the ICAI is the apex body in the field of accountancy and auditing serving the nation since 1949. ICAI, a partner in nation building, is also involved in on-going accounting reforms and improvement of financial reporting and public financial management in various Government entities/departments including Urban Local Bodies in India. ICAI has got more than 170 branches spread across the tier I & II cities of the Country.
