Respected Sir,

**Subject: Proposal to organise training programmes/ webinars and enter an MoU for skill development for staff of UDD of Arunachal Pradesh**

**Greetings from the Committee on Public and Government Financial Management (CPGFM) of the Institute of Chartered Accountants of India (ICAI)!!**

Enhancing financial reporting and management in Local Self-Governments (Local Bodies) has become a critical need, as their roles in driving economic growth have expanded over time. Effective financial reporting ensures efficient public fund management, promotes sound decision-making, and increases accountability and transparency, ultimately enabling better services, infrastructure development, and access to capital markets.

The Government of India (GoI) has introduced initiatives like the National Municipal Accounts Manual (NMAM) and various development schemes such as Jawaharlal Nehru National Urban Renewal Mission (JNNURM), Atal Mission for Rejuvenation and Urban Transformation (AMRUT), and Smart City Scheme to improve financial practices in Urban Local Bodies (ULBs). The Finance Commissions have also linked grants to accounting reforms, emphasising accrual accounting adoption. The 15th Finance Commission further recommended that Local Bodies make their unaudited annual accounts from the previous year and audited accounts from the year before available online to qualify for grants.

#### **Role of ICAI:**

As you may be aware that the ICAI, set by an Act of Parliament, is the apex body in the field of accountancy and auditing serving the nation since 1949. ICAI, functions under the administrative control of the Ministry of Corporate Affairs, Government of India. As a partner in nation building, ICAI is also involved in on-going accounting reforms and improvement of financial reporting and public financial management in various Government entities/ departments including ULBs in India.
